Police Looking for Gang that Threatened John D. Rockefeller.

CAUSED MANY MURDERS

Sleuths Supposed Criminals Had Been Driven from Westchester County.

Mount Vernon, N. Y., Dec. 29.—The Westchester County police today are working on the theory that the leaders of the Black Hand society who caused so much trouble among the workmen on the estate of John D. Rockefeller at Possible William and who it was antico Hills a year ago, and who, it was believed, had been driven out of West-chester, have again invaded the county, and are responsible for three murders and several robberies committed during

The police have been unable to get a clew to the assailants, but it is the belief that they belonged to the same gang that robbed Hobby. On Christmas Day an Italian at Dobbs Ferry was shot and then slashed across the cheek with a stilletto as a permanent mark of the vendetta's vengeance. Two of his assailants away. On Saturday last Frank Bicci-and, an ice man of Larchmont, was mur-dered in the rest Carchmont, was murdered in the rear of a saloon at Larchby a strange Italian, who, it is mont by a strange training the Black Hand believed, belonged to the Black Hand society. He was shot in the hip and neck. His assailant robbed him of \$200

Police dogs trailed the murderer to Woodland Park, New Rochelle, and then ost the scent. After Farmer Seacord had been murdered an old cap was found near the body, and following the killing of the ice dealer an old cap was disvered near his body; but in each instance there was no trade-mark in the means to reveal where they were purchased. Sheriff Doyle and his deputies cern. have worked hard to unravel the mystery surrounding the killing of Seacord, but without success. The sheriff admits that he has been baffled at every turn.
